5% of every order funds community recycling projects in South Lombok, Indonesia.

ABOUT HONEST OCEAN

Recycled resin, with real impact.

Honest Ocean is a B2B recycled plastic resin sourcing company founded by Tom Jackson and Angus Fleming. We supply GRS-certified rHDPE, rPP and rPET from vetted recyclers across Southeast Asia — anchored by our own community recycling operation in Lombok, Indonesia — to European manufacturers, shipped from our Antwerp warehouse in 2–5 days.

THE SOURCING CHAIN

01 Source certified resin

GRS-certified rHDPE, rPP and rPET sourced through our recycler network in Malaysia, Vietnam and Indonesia, plus the Honest MADE community recycling programme in Lombok.

02 Order & ship to Europe

We manage supplier vetting, quality checks, and full logistics from Southeast Asia to your manufacturing facility — DAP to your EU site as standard.

03 5% funds impact

Automatically, 5% of every order value is directed to the Honest MADE recycling hub and community collection programmes in Lombok, Indonesia.

04 Track your impact

Your private client portal shows resin ordered, kg of plastic offset, and live field project updates tied to every order you place.

CERTIFICATION

All bulk resin supplied by Honest Ocean is certified to the Global Recycled Standard (GRS) or the Recycled Claim Standard (RCS), with chain-of-custody certificates issued per batch. Supplier audit reports (third-party verified, updated annually) and Material Test Reports (per shipment) are provided as standard, giving your procurement team a complete, audit-ready documentation trail for EU Packaging Regulation recycled-content reporting.

MATERIAL SPECIFICATIONS

Three resins, one standard.

rHDPE Resin

MOQ 5t · Lead 4–6 weeks · Indicative EUR 980/t

Recycled high-density polyethylene. Post-consumer bottle and rigid-packaging streams, washed, sorted and re-pelletised.

Melt Flow Index (MFI)	0.4 ± 0.1 g/10min (ISO 1133)	Tensile strength	≥ 22 MPa (ISO 527)
Density	0.952–0.965 g/cm³ (ISO 1183)	Elongation at break	≥ 600% (ISO 527)

Applications: Blow moulding (bottles, containers), pipes, crates, industrial packaging.

rPP Resin

MOQ 5t · Lead 4 weeks · Indicative EUR 920/t

Recycled polypropylene. Post-consumer and post-industrial PP streams, mechanically recycled and compounded.

Melt Flow Index (MFI)	12 ± 2 g/10min (ISO 1133)	Tensile strength	≥ 28 MPa (ISO 527)
Density	0.900–0.910 g/cm³ (ISO 1183)	Elongation at break	≥ 200% (ISO 527)

Applications: Injection moulding (caps, closures, household goods), automotive components, crates.

rPET Resin

MOQ 5t · Lead 5–7 weeks · Indicative EUR 1,120/t

Recycled polyethylene terephthalate. Post-consumer bottle flake, hot-washed and re-polymerised to pellet.

Melt Flow Index (MFI)	72 ± 5 g/10min (ISO 1133)	Tensile strength	≥ 55 MPa (ISO 527)
Density	1.38–1.40 g/cm³ (ISO 1183)	Elongation at break	≥ 5% (ISO 527)

Applications: Sheet extrusion, thermoformed trays, strapping, fibre applications.

Batch QA — applies to all three resins (per-shipment Material Test Report)

Moisture content	Ash content
≤ 0.05% · Karl Fischer	≤ 0.5% · ISO 3451
Contamination (PVC)	Heavy metals (Pb, Cd, Hg, Cr6+)
≤ 50 ppm · FTIR	Below LOD · EN 71-3

Food contact: all three resin types are FDA approved and EFSA compliant; documentation provided per batch. End-product testing remains the buyer's responsibility.

Simple terms, no surprises.

- **Minimum order quantity**

5 tonnes for first orders across rHDPE, rPP and rPET. Volume pricing from 20t+. Below MOQ, order a 2.5kg or 5kg sample (ships from Antwerp in 2–5 business days) or contact us for trial orders.

- **Lead times**

Samples: 2–5 business days from Antwerp. Bulk orders from Lombok / Surabaya / Kuala Lumpur: typically 4–7 weeks from confirmed PO to your facility (sea freight + EU distribution). Express air freight available for urgent orders.

- **Pricing**

Indicative band EUR 920–1,120 per tonne depending on material, volume and specification. Final pricing confirmed in a written commercial quotation valid 30 days.

- **Incoterms**

DAP (Delivered At Place) to your EU facility as standard. We handle freight forwarding, EU customs clearance and last-mile delivery. Non-EU destinations quoted FOB or CIF separately; import duties for non-EU buyers are the buyer's responsibility.

- **Payment terms**

First orders: 50% deposit on PO, 50% on bill of lading. From the 3rd order onwards: Net 30 against invoice for verified businesses. Letters of credit accepted above EUR 50k. Wire transfer, SEPA, or credit card (1.9% surcharge above EUR 25k).

- **Custom blends & colours**

Custom blends (e.g. 70% rHDPE / 30% virgin) available at 30t+ MOQ. Recycled material is naturally off-white/grey; specific Pantone matches cannot be guaranteed, but masterbatch colouring can be arranged at partner facilities.

- **Quality guarantee**

Every shipment includes a Material Test Report from our QA lab. If MFI, tensile, contamination or moisture falls outside the agreed spec on the Commercial Invoice, we replace the shipment or refund — your choice, no negotiation. This is written into every commercial invoice.

You fund real change in Lombok.

Every order automatically directs 5% of the invoice value to three projects building Lombok's first circular plastic economy — documented, photographed and verifiable in your client portal.

Honest MADE Recycling & Manufacturing Centre

[Kuta, South Lombok](#)

Lombok's first community recycling facility — a transformed futsal court turning waste plastic into traceable products. Your contributions expand the manufacturing line.
